AIRCRAFT ACADEMY

Our Mission

UPGRADE Our training courses are intended for airlines and MROs wishing to upgrade the skills of their employees, and for individuals already eligible with Part 66 certification to broaden their experience and qualifications.

SUPPORT Experienced aviation experts, trained and qualified in adult education, support students through theoretical, online and practical learning year round.

RESULTS Aircraft Academy provides customised training courses that meet stringent professional requirements.

EASA Part 147
Aircraft Maintenance
Training Centre

Aircraft Academy is the ideal partner for individuals, MROs, airlines, or military divisions seeking to secure first-class theoretical and practical guidance for EASA Part-147 Maintenance Training Programmes.

Our focus is on the quality of training, rather than quantity of students, this means that we attract discerning students of all levels.

EASA Part-147 Approved Training Centre and **EASA Part-145** Approved Maintenance facilities at Vallair's commercial MRO stations in Châteauroux and Montpellier.

The following theoretical and practical **FULL** courses are offered:

EASA Approved B1 & B2 Type Rating

Airbus A320 CFM56 / IAE V2500 / LEAP-1A

Airbus A330 RR TRENT 700 / GE CF6 / PW4000

Boeing 737 NG CFM56

About

Aviation industry employers, keen to secure proven practical experience and industry-recognised qualifications for their engineers, come to Aircraft Academy because they know we talk their language.

Aircraft Academy aligns practical on-site training with theoretical and e-learning to equip technicians with the skills needed in today's challenging MRO environment. This provides flexible, relevant and leading-edge maintenance training solutions to train high-class Licensed Aircraft Maintenance Engineers.

Courses

The following theoretical and practical **DIFFERENCES** courses are offered:

EASA Approved B1 & B2 Type Rating

Airbus A320 family powered with CFM56 or IAE V2500 **to** Airbus A320 family powered with CFM LEAP-1A

Airbus A320 family powered with CFM56 **to** Airbus A320 family powered with IAE V2500

Airbus A330 RR TRENT 700 **to**
Airbus A330 GE CF6

Airbus A330 RR TRENT 700 **to** Airbus PW4000

Boeing 737-6/7/8/9 powered with CFM56 **to**
Boeing 737-7/8/9 powered with CFM LEAP-1B
